

Product data sheet

TS 1500

Overhead door closer with link arm for single leaf doors of up to 1100 mm leaf width with adjustable closing speed

Product features

- Variable closing force of EN3 or EN4 by reversing the bearing block
- Can be used for right and left hand doors without conversion
- Hydraulic latching action which accelerates the door shortly before the closed position
- Closing speed can be individually adjusted

Application Areas

- Right and left single-action doors in the interior area
- Single-action doors up to 1100 mm leaf width
- Door leaf installation hinge side and transom installation opposite hinge side
- Door leaf installation on the opposite hinge side possible in parallel arm installation
