

Product data sheet

TS 550 NV

Floor spring for single leaf doors of up to 1400 mm leaf width with a hold-open function that can be switched on and off

Product features

- Closing force with variable adjustment from EN3-6
- Can be used for right and left hand doors without conversion
- Adjustable closing delay to adapt the closing force of the door up to approx 80° opening angle
- Mechanical hold-open unit in the door closer with hold-open area 80°-165°
- Hydraulic latching action which accelerates the door shortly before the closed position
- Closing speed can be individually adjusted
- Integrated back check, slows down doors that are thrown open forcefully
- All functions can be adjusted from above and in the installed state

Application Areas

- Right and left single- and double-action doors
- Single- and double-action doors up to 1400 mm leaf width and 300 kg weight
- Frequently used and heavy doors
- Floor mounting concealed
