

GEZE SERVICE

Together for your safety

GEZE service packages for automatic door systems

GEZE Austria – your competent partner for automatic door systems and door technology, glass systems and smoke and heat extraction systems, safety systems as well as windows and ventilation technology.

We are an independent subsidiary of GEZE GmbH, Leonberg. Benefit from our professional competence; our experts are here to support you, from installation and maintenance through to repairs.

Because the satisfaction of our customers is a key aspect of our corporate philosophy, we align our services to your needs.

Top-rate maintenance

Consistently reliable, competent and highly efficient customer service is one of our top customer satisfaction goals. For this reason, GEZE offers a wide range of services.

OUR SERVICES ARE

- quick and flexible
- innovative and individual
- competent and economic

Regular servicing and the skilled maintenance of automatic and manual systems are crucial for the long-term safety of individuals and operations. The safety of persons is the fundamental function of emergency exit systems. Regular servicing and the skilled maintenance of automatic and manual systems are crucial for the long-term safety of individuals and operations. GEZE Austria offers customised service and maintenance solutions in the form of specific packages.

RETRO-FITTING AND UPDATING MADE EASY

Service is of course not just about maintenance; it also covers retro-fitting, modernisation, and sometimes also repairs. Here too, GEZE Austria offers a broad portfolio of products to upgrade your door systems.

Customised concepts for every building

SERVICE PACKAGES – UNIVERSAL SERVICE OPTIONS

Regular maintenance ensures functionality and maintains the value of your systems. We offer this service for the following product sectors: automatic sliding door systems, revolving doors, folding leaf doors, automatic and manual glass sliding walls, swing door systems, door hold-open systems for preventative fire protection, door closers and door products for emergency exits as well as smoke and heat extraction systems and window technology.
